Gentlemen;

Replying to your memo upon bill returned to us on Saturday, have to say that when the price was given you for making the Medals in question, we quoted $4.00 each should you order six or more, and $4.50 each for less than six. As to the Bronzing; Mr. Sadgebaden, whom you saw regarding the work, told you that we could not do that part of it, as we did not have the facilities; you then instructed him to finish them as far as he could, and you would have them bronzed yourselves. This Mr. Sadgebaden, who has now left our employ and returned to his home in Sweeden, is the same party that made the origonal. We hope that you will call and secure the medals, or advise us immediately if you do not want them.

Awaiting your reply, we are,

Yours Truly,

Chas Lippincott & Co
